About Brezel Grotesk

Brezel Grotesk embodies the character of classic 19th century Grotesques. This unpretentious font is complemented by the regular, yet organic silhouette of a Bavarian pretzel.

Brezel Grotesk, originally designed by Stefanie Preis in 2010, was later refined and further developed by Milieu Grotesque in 2014. The revisited family comes in eight styles in total (four weights with corresponding italics), each style comprises an extended Latin character set and a number of basic OpenType features.
